

WISDOM FROM GOD

Read: Daniel 1:8-17

This story is about Daniel when he was a teenager. He had been captured by some enemy soldiers and taken far away from his family. He was supposed to live in the King's court with several other young men and do whatever the King asked. But Daniel knew that the Lord did not want him to eat the food and drink the King had for him. It was too rich and fancy. He knew he would be healthier if he ate plain and simple food. So Daniel asked the King's helper to give him and his friends simple things to eat and water to drink. And sure enough, the young men who obeyed the Lord were the healthiest of them all. Daniel was very wise to obey the Lord, and as he grew older the Lord made him even wiser. God blessed Daniel in his studies and helped him to learn everything he needed to know. It all started because Daniel obeyed the Lord.

Life Application: God knows that you need to learn many things as you grow, too. If you ask him for wisdom, He will be happy to give it to you so that you will learn the things that are important.

Prayer: Dear Lord, Thank you for promising to give me wisdom. Help me to learn all the things that You want me to know as I grow up. Amen

Memory Verse: God will give you understanding.
