

WORSHIP THE LORD

Read: Genesis 12:1-9

In today's story, Abram got some very good news from God. God promised Abram that he would have a special land of his own and that his children and grandchildren would live there with God's blessings. When Abram heard this good news, he packed up his whole house and moved with his family to the new country that God had given him. It was a long, hard trip, but Abram was glad to go because he knew that the Lord would lead him all the way. When Abram finally arrived in the Promised Land, one of the first things he did was worship God. He was so grateful for the gift God had given him that he just had to praise the Lord and tell him thank you.

Life Application: You can worship God just like Abram did. Whenever you sing to the Lord, or pray to Him and tell Him thank you, you are worshipping. God was pleased with Abram's worship and He is pleased when you worship Him, too.

Prayer: Dear Lord, I know that you are a great God. I want to worship You by telling You thank you for all the blessings You give to me. Thank you for loving me. Amen.

Memory Verse: Worship the Lord with gladness.
